# LATITUDE

**Latitude 25** is the ultimate expression of Australian hardwood flooring. 180mm wide boards are hand selected for their individual boldness and character, reclaiming significant quantities of raw material otherwise lost in post-production waste; responsibly reducing the impact on our incredible native resources. Applying unique hand-finishing techniques combined with superior coating technology, this creates a hard wearing, tactile surface unlike any other. Simply run your hands over the surface to realise it really feels as good as it looks. Subtle micro-bevelled edges emphasise the individual nature of each and every board, while the matt finish allows the inherent beauty of our Australian hardwood floors to show through.
